Supt. Pope Refuses Aid To Wronged Teachers

"WE ARE NOT GOING TO DISORGANIZE THE WHOLE SCHEDULE TO FIT ONE PARTICULAR CASE."—Superintendent Pope in Hawaiian Star November 13th.

Within this quotation, Superintendent of Public Instruction Pope, evades the teachers' schedule question notwithstanding the fact that he knows perfectly well that there are many cases of injustice among the teachers on Kauai, due entirely to the present schedule. When he says "we are not going to disorganize the schedule to fit one particular case," he is as fully aware that other irregularities exist, as we are, and therefore this statement, emanating from such a source, plainly indicates that the teachers who have been wronged cannot expect to be treated with the slightest consideration from the man who, under ordinary circumstances, would be the person to right those wrongs.

Mr. Pope admits that many of our principals are imported from the coast, and possess excellent credentials. Now we want Mr. Pope to tell us why a principal who possesses such credentials, who has taught in city schools in Massachusetts for eight years, who has taught in the Islands for years (including several years in the Honolulu Normal) and for the last two years as principal on Kauai, is paid the sum of \$83.33—the same as many of our assistants draw, who have the responsibility of but one room? Can he tell us why she should receive the same salary with but two assistants as she does with three? Can he tell us why a principal in a four room school, by transferring to one of nine or ten rooms, draws the same salary? Can he tell us why these teachers are not paid according to the law which states most emphatically that their salaries must be based upon experience, qualifications and the records of their work? Can he tell us if it were not his experience and qualification that won him his present position? Is Mr. Pope responsible for the "teachers' schedule?" From the above quotation the public will infer as much. We have had as yet, little intimation of venting any spleen upon the Department head, confining our attack to the schedule committee. But Mr. Pope now seems inclined to consider it his duty to defend injustice rather than confess to a fault. An honest and upright man, as we have always believed Mr. Pope to be, thus inviting the criticism of a just public—a public who has paid him the highest tribute possible by placing him in the position he now occupies—cannot but be looked upon with disappointment. The teachers' schedule is so fraught with injustice as to render it perfectly ridiculous. We believe Mr. Pope realizes this fact but feels that he should be loyal to the cause. Such an attitude upon his part, however, is rather untimely and is creating a strong feeling against his otherwise commendable administration. The schedule is all wrong. Mr. Pope knows it is, and knowing this, should hesitate no longer in making an effort towards righting the wrong.

Grand Jury's Full Report

Following is the report of the Grand Jury at the termination of its work at the beginning of the November term.

To the Honorable Jacob Hardy, Judge of the Circuit Court Fifth Circuit, Territory of Hawaii.

Sir:—

The undersigned, the Grand Jurors duly empaneled in and for the Circuit Court of the Fifth Judicial Circuit, Territory of Hawaii, for the November term, 1911, do herewith respectfully present our report as follows:

After having been duly sworn as Grand Jurors, and W. Scheiber being duly appointed by you our honor as our foreman, we retired to the Grand Jury room and elected A. de Bretteville as our clerk, whereupon we proceeded to hear the evidence in the following cases:

1. Territory of Hawaii vs. Nakamura Egiro, charged with murder in the first degree. A true bill found.
2. Territory of Hawaii vs. Kimtori, charged with burglary in the second degree. A true bill found.
3. Territory of Hawaii vs. Shiro Baragas charged assault with intent to murder. A true bill.
4. Territory of Hawaii vs. Mariano de la Santos, charged with assault and battery with a weapon obviously and imminently dangerous to life. A true bill found.
5. Territory of Hawaii vs. Honoris, charged with an attempt to assault with a weapon obviously and imminently dangerous to life. No bill found.

Besides the above cases as found by your Grand Jurors, there is one case to which your Grand Jurors have found a true bill, but prays your honor that the same may be set on the secret file, until the person therein named is arrested and be under the control and custody of the Sheriff of Kauai.

We regret to call the attention of the court to the unpreparedness of the police in regard to witnesses in the cases presented. When wanted they were not on hand, consequently your Grand Jurors had to adjourn to the following day. However, your Grand Jurors believe, that this unpreparedness does not wholly fall to the lot of the police department, but in some respects upon the District Magistrate of Lihue, for failure on his part to file the necessary transcripts in cases committed to the term of this court.

Having concluded our duties upon which we were called, we thank the court for its kind attention.

Respectfully Submitted.

Wilhelm Schieber, foreman; A. de Bretteville, Clerk; Geo. F. Winter, Wm. Kuhlman, W. K. Schultze, J. H. Cumming, Fred Mendes, Ben Lizama, J. S. Chandler, Jas. Mahaula, R. M. Kaneahi, T. R.

The Kauai-Maui Bowling Contest

A special meeting of the members of the Kegel Club was called last Thursday night for the purpose of considering a challenge received from Chairman E. F. Deinert of the Puunene Athletic Club of Maui, to a bowling contest, the same to consist of five American games, to play according to the rules of the American Bowling Congress.

It was agreed by the members of the local club that the challenge be accepted, and that the games be played off the first week in December and the Secretary was instructed to so inform the Maui representative. In case the program goes through, probably the Kauai's lineup will be about as follows: C. Maser, H. Wolters, Wm. Rice Jr., Frank Crawford, Carls, with Hills, Rohrig, Kuhlman, Winter and Siebel as substitutes.

Chairman Deinert suggested having a representative from each island present when the contest is pulled off. After a little discussion on this point, the members decided that it would not be necessary to send a member to Maui, but that if the latter chose to have a man come to Kauai, he would be received with much pleasure.

Pretty Post-Mistress Injured

Japanese Officer Killed In Kekaha

Masa, a Japanese who had for some time been connected with the police department in the capacity of a detective was surrounded by an angry mob of Japs in Kekaha about 8 o'clock Wednesday night, and was so badly beaten with stones that he died in the Waimea hospital at three o'clock Thursday afternoon.

Masa had been successful in locating a number of blind pigs and had accompanied the police on a raid. One attempt had been successful, and together with two policemen, Masa returned to Kekaha for a second bunch. Several more captures had been made and the officers were approaching the auto with their prisoners when they were set upon by a mob which had been called by the beating of an old tin pan. All lights including the electric street lamp under which stood the police auto, were extinguished.

The air then became a flying mass of debris of every description, but chiefly of stones. The police being unarmed, were powerless to assist their comrade, and when an attack was made on the auto, they climbed in and as quickly as possible, had re-enforcements on the

One Man Is Sentenced To Hang

Nakamura, the Japanese who murdered a countryman in Makaweli on the night of Oct 11th, by stabbing him to death, having been found guilty of murder in the first degree by the jury, was on last Wednesday afternoon sentenced to be hanged, Hon. Judge Hardy pronouncing the sentence.

The trial throughout was hotly contested, Hon. J. W. Sheldon of Waimea making a strenuous effort to save his client. The evidence however was so conclusive as to render his efforts futile.

scene of strife. When they returned to Kekaha, however, all was quiet and a search revealed the body of Masa lying in a clump of bushes with stones piled on his head. He was hurried to the hospital while a thorough search of the camp yielded up five Japs whom the police felt sure they could identify. They were promptly taken into custody and brought over to Lihue. Sheriff Rice and C. A. Doyle are making a most rigid search for all those who took a hand in this cowardly murder. The murdered man was single and bore a good reputation with the police department.

Diphtheria In Hanapepe School

Word from Principal Brodie is to the effect, that but one case of diphtheria has so far developed and that the situation looks brighter.

Four of the teachers, namely Mr. and Mrs. Morse, Miss Laube and Miss Haffley are still in quarantine and will likely remain so for several days longer, as there is no desire to take any chances of a further spread of the disease. Dr. West makes daily inspection of every school child and any suspicious looking case is taken in hand at once. One child is said to have been found who carries the germ, yet remains immune from the disease herself. She is reported under quarantine and receiving close attention from the doctor. Health Inspector Cooke has contributed much valuable help in the present crisis, which is highly appreciated by the community. Mr. Brodie has been greatly put out through the loss of his teachers, but has managed so far to continue the classes. He will probably be able within a few days to get assistance from the Waimea School for the remaining period of quarantine.

Auto Drivers Again Careless

About ever so often this paper receives complaints concerning the carelessness upon the part of auto drivers in regard to neglecting to sound their horns in rounding curves.

The rule is more often disregarded on the curve at the top of the Lihue hill, than any other and a list of those who disregard the law in such instances will probably find a road to publicity if it is not stopped promptly.
